

Ready Mixed Concrete

Norman Emerson Group operates two ready mix plants, one at Tandragee and one at Ardmore, Lurgan.

Both sites have a fully automated batching system supported by a Namas approved laboratory and ISO 9001 accreditation.

We can offer over 150 mix types ranging from a trench fill foundation mix to a 60newton reinforced industrial floor mix.

Our technical team will be happy to advise on a mix suitable for your requirements

About Us

Norman Emerson Group is an award-winning company based on the south shores of Lough Neagh, Co.Armagh. We supply ready-mixed concrete, sand, quarry aggregate, paving and natural stone.
